Cavendish Park

by Majesticare

"Fabulous home with wonderful, friendly staff and management. Everyone at the home works so very hard to meet my dad's needs."

Daughter of resident at Fernhill House,
a Majesticare Care Home

Welcome to Cavendish Park

Opening in May 2019, Cavendish Park will be the newest member of the award-winning Majesticare family of care homes. With over 20 years' experience in caring for older people we are proud to offer the highest standard of residential, nursing and dementia care in a warm and welcoming environment. We will provide our residents with an engaging setting to socialise, dine, enjoy favourite activities and explore the beautifully landscaped gardens.

Cavendish Park will be a vibrant and active community where we will enable residents to live life to the fullest. A community where older people are supported to carry on enjoying all the little things that make them happy.

Encouraging a high quality of life will be at the heart of our culture and ethos at Cavendish Park. Our highly trained and dedicated team will approach every day with professionalism and compassion, delivering a service that's unique to each individual's needs.

This is Cavendish Park. This is Care.

Lifestyle

At Cavendish Park we believe that life should be inspiring, fulfilling and entertaining. We will offer a wide range of imaginative and inclusive activities. So whether that's pottering in the garden or watching a movie in our cinema with new friends, there will be something for everyone.

As active members of the local community, we will welcome a variety of visitors to the home to share their enthusiasm, knowledge and experiences with our residents, their friends and families. Cavendish Park is even going to have its own minibus, enabling residents to take trips to places they've long enjoyed visiting or to explore new destinations.

Our team know exactly how to provide a fun and engaging fitness and wellbeing programme too. And, of course, family and friends will be welcome to join in.

Wine & Dine

Our catering and hospitality team will deliver social and enjoyable dining experiences every day. Our skilled chefs will create appetising, nutritionally balanced and beautifully presented food, with varied, seasonally inspired menus. We will cater for every taste and diet, and our food will be freshly prepared and locally sourced where possible.

Meals and refreshments will be available throughout the day, and there will always be someone nearby to help if needed. We will offer a range of dining options including our bright and airy café, the formal dining areas, or if they choose, residents will be welcome to make use of room service. Friends and family are always welcome at meal times, and there'll even be private dining facilities for those extra special occasions.

Beautiful Home & Gardens

When you step into Cavendish Park, it will be like entering a boutique hotel, whilst retaining a homely feel. The extensive range of facilities will include a luxurious hair salon, large-screen cinema and a bustling café at the heart of the home. And, for those quiet, restful times, our spacious bedrooms will be designed with a range of colour palettes to suit all tastes whilst our in-room amenities will include TV, Wi-Fi access and a large en-suite wet room.

Our attractive, landscaped gardens will be expertly designed to create a tranquil and engaging outdoor space where residents can go for a quiet walk and enjoy the wildlife. There will also be large patio areas to enjoy those sunny days and, for the green-fingered amongst us, an opportunity to do a spot of gardening.

The Team

We are very proud of our care homes, but without a truly amazing team they're just a building and not a home.

We have carefully selected a fantastic team who share our values and are dedicated to providing our residents with a high quality of life. They have been chosen for their professionalism, compassion and their attention to detail.

For us, the happiness and wellbeing of our team is paramount, and because of this we offer an engaging workplace, training and development opportunities and industry-leading pay and rewards.

"It is comforting to know that my father is being looked after in such a caring environment by well-trained staff."

Son of resident at Fernhill House,
a Majesticare Care Home

Our Values

Heart

Lead from the heart, be passionate and courageous

Creativity

Imagine, innovate, make it happen

Family

Grow, feel safe, nurture relationships

Happiness

Play, spend time together, have fun

Trust

Be honest and open, have integrity

Tailored Care

Residential

Living at home can be worrisome for you and your loved ones, be it challenges with household chores or simply feeling lonely. Our vibrant residential community will empower residents to maintain an active and fulfilling lifestyle with the comfort of knowing that 24/7 support and care is on hand when needed.

Dementia

People living in our beautiful memory care community will be able to remain curious, interested, active and empowered by good relationships with specially trained people who genuinely care every day - whether that is a good or a bad day. We are what we say we are: a skilled team with the knowledge and empathy to support people to enjoy life in a fabulous environment specially designed to enable those with memory loss to find their way around with the confidence of feeling loved, happy and safe.

Nursing

All residents will have the opportunity to enjoy everything our fabulous home has to offer. We also recognise that in some circumstances your loved one may need an extra level of care. The specialist skills and expert knowledge of our team of registered nurses will enable us to provide the support and reassurance needed every single day.

Day and Respite

Cavendish Park will be perfect for shorter stays where you or your loved one can sample all the facilities of our beautiful home. Guests will be able to enjoy our dining experience, take part in activities with new friends and indulge in a spot of pampering in our salon.

Our short-stay guests often return home feeling re-energised and, with so many regular events, they are always welcome to come back and visit. This is also an ideal way of trying the home prior to considering a permanent move.

All of our residents benefit from regular visiting GPs and other healthcare professionals.

Technology

To support our teams and ensure the wellbeing of residents at all times, we will utilise a range of industry-leading technologies at Cavendish Park.

Electronic care and medication management software will efficiently record key information at the point of delivery. These innovations allow our teams to spend more quality time with our residents, improve analysis, create alerts and allow information to be shared with loved ones using the secure family portal.

Cavendish Park will also have acoustic technology, which monitors residents' wellbeing during the night without the need to undertake intrusive periodic room checks. Care teams will be able to respond quickly to the needs of our residents whilst helping them to get a good night's sleep.

For the convenience of our residents and visitors, there'll be direct dial telephones available, Wi-Fi will be available throughout the home and there'll be a large-screen cinema.

The background of the entire page is a dark teal color with a subtle, intricate floral pattern. The pattern consists of various types of flowers, including daisies, roses, and smaller blossoms, along with leaves and stems, all rendered in a lighter teal or greyish-blue tone. The pattern is dense and covers the entire surface.
