### What is it?

As part of our Environmental Sustainability Governance (ESG) initiative, we're seeking ways to reduce our carbon emissions across the Majesticare Family. Car sharing is an excellent way to do this!

### What are the rules of the competition?

Log your car sharing activity with your homes administrator and send them photographic evidence. Share rides to work as often as possible over the next month. Participants must submit photographic evidence every Friday. The person with the most documented car shares wins!
